

Subject: How 15 minutes a day made my tropical vacation possible...

Dear [FIRST NAME]

Imagine yourself relaxing in a hammock on a quiet beach, shaded by gently rustling palm trees and the soft, rhythmic swoosh of small waves lapping the sand just a few feet away. Blue skies overhead are dotted with a few cotton ball clouds, and sea gulls swoop low over the water, looking for breakfast...

You open your laptop, push a few buttons for a few minutes, and then finish drinking your coffee. Work is now done. Later in the day, you know you will be back here taking a nap in your smoothly swaying cocoon.

Can you picture yourself in that hammock?

The truth is, the above beach scenario is VERY real. I know, because that's me in the hammock. Just 18 months ago I finally stepped off the treadmill of the work world and retired...

I was prepared to settle into my new, somewhat less active life. I can tell you that my ambitions for the future were modest at best. I did not have much disposable income and really had to watch my pennies...

Then one day, while surfing the Internet, I stumbled upon a new, exciting, and fun way to bring in some extra money every month—while hardly working at all!

This extra income is what has allowed me to relax on a tropical island, far away from my Midwest home. Instead of shivering my

way through the winter with high heating bills and snow up my wazoo, I spend it with my wife in a tropical paradise.

My biggest problem? Deciding which cove or golf course to use on a particular day.

Would you like to know how I did it?

The program I'm talking about is called Microgig Riches. In a nutshell, it's a program where anyone can do small, fast tasks from their breakfast table in about the same amount of time it takes to drink a cup of coffee.

And get paid right away.

Microgig Riches is the brainchild of Marc Charles. Marc has been a successful entrepreneur for 40 years, and Microgig Riches is his newest. He is known as "The Launch King" and "The KING of Business Opportunities" for a reason.

He knew many retirees wanted an easy and fast way to make extra income and not have to "go back to work." His program shows anyone how to do small, fast tasks that others are willing to pay for.

In his program, Marc reveals the simple secret that turns as little as 15 minutes of your day into a handy side income. This easy plan, which can be learned in about 2 hours, will open the door to a whole new and exciting life after retirement. 2 HOURS!

How would you like to have an extra \$10,000 or \$20,000 a year, and spending only a few minutes a day, as often as you want, to have it?

All you need is a computer and Internet access.

If your retirement is making you feel restrained because of limited finances, then you owe it to yourself to find out about Microgig Riches.

There is NO REASON why this couldn't be you:

- Relaxing in the hammock on a beautiful beach
- Hiking a mountain trail in a majestic forest
- Golfing on a gorgeous course in a country of your choice
- Or even just visiting the grandkids more often

This is a bona fide, simple, and very doable program that can put you in the driver's seat of your future. You DON'T have to settle for less in your retirement.

What are you waiting for?

P.S. Marc is one of those guys who just really likes to help people. He has decided to throw in his free report, "How I Made My First \$500 in Less than 3 Months in Just a Few Minutes Before Breakfast", normally sold for \$39, in addition to the program. And we will pay the shipping fees.

But hurry. This free offer ends on the last day of the month.
